

New Faculty Orientation

(Revised January 29, 1999)

(Revision draft August 2005, September 2007)

(Approved COB Faculty, September 29, 2007)

Full-time faculty are expected to attend University and College orientation programs. New faculty mentors are selected by the Faculty Senate in consultation with the Dean to help ease the transition of new faculty members into the College.

A college new orientation meeting is conducted in the week preceding the beginning of Fall semester classes. An orientation session for adjunct faculty is also held prior to the start of classes.
