

Class Attendance by Students

(Revised January 29, 1999)

(Reviewed by COB Ad. Council, January 5, 2005)

(Approved, COB Faculty, January 10, 2005)

The College adheres to the University's policy printed in the University Catalog, which states that "students are held responsible for class attendance and are advised that excessive absences may adversely affect their grades. Every instructor should make clear the policy on class attendance at the beginning of each course." This policy should be stated in the course syllabi.
